MISSION STATEMENT

Our purpose is to provide our students with the skills needed to earn a high school diploma and to support those social skills necessary to become a productive citizen.

Program Goals

Our purpose is to provide our students with the skills needed to earn a high school diploma and to support those social skills necessary to be a productive citizen.

Expected Student Learning Results (ESLR's)

A student at Kingsburg Independent Study High School learns:

1. To be a productive Citizen

- Set goals and work towards them
- Be prepared for school everyday
- Manage time productively and prioritize tasks effectively
- Produce work independently and collaboratively
- Display consideration for others, themselves and authority

2. To be a knowledgeable Citizen

- Demonstrate critical thinking and problem solving skills
- Demonstrate effective reading, writing, listening, speaking skills
- Demonstrate computational skills
- Be able to access and evaluate information from a variety of sources

Voluntary Placement

Independent study is an optional educational alternative that students voluntarily select. All students who choose independent study must have the continuing option of returning to a district-assigned classroom. For students that choose to enroll or have not met the terms of their master agreement will be have the option of enrolling in Oasis High School during the semester and at the end of each semester, if the student has met the requirements of enrolling in Kingsburg High School, they may request an Alternative Education Committee (AEC) meeting through the school administrator.

Transfers to Kingsburg High School (Minor Students)

Transfers are made only at the beginning of a semester. A four- step process is necessary:

1. Meet with the Administrator or designee to request a transfer.
2. A status check of credits, attendance and behavior is made for the student to confirm eligibility for transfer to K.H.S.; students that are enrolled for the entire semester will need to earn a minimum of 25 credits to be considered for transfer. Students that enroll later in the semester will have the minimum credits prorated based on enrollment date.
3. A meeting with the parents and the Alternative Education Committee is held.
4. If approved, the student is registered immediately for the coming semester.

Parent Involvement and Support

From time to time students and parents find themselves overwhelmed by issues that affect the entire family. This in turn affects the student at school. It is important to remember that our staff is here to listen and to assist.

Little can be accomplished without the help and support of the parents.

We ask the parents/guardians to work with us by staying in contact and informing us of any changes that may affect their child in school. This is critical to a student's success in school.

We also ask that parents make sure that their child comes to school prepared with school materials, clean clothing suitable for school and has had a good breakfast.

ATTENDANCE PROCEDURES

Frequency of Appointments

Students are required to meet with their supervising teacher for a minimum for one hour (30 minutes for adult students) every week and stay current with all coursework. Depending on staff schedules and the courses a student needs to take in order to graduate a student may need to attend school more than one day a week. Students will need to attend all of their weekly scheduled appointments. Each student will be assigned to a supervising teacher. A teacher may provide/require additional time if needed. Students are also required to spend additional time in order to take exams that correspond with their current assignments. If a student is not remaining current with their coursework and/or testing requirements a parent conference will be held to determine if Independent Study is an appropriate educational option. A student may also be required to attend a lab to complete a course of study. Generally, these appointments are at the same time each week.

Students are obligated to be present at the regularly scheduled time. The time is mutually agreed upon at the beginning of the semester. Since meetings are usually once a week, **doctor and all other appointments should be scheduled on other days and will not be accepted as a valid reason for missing an appointment without prior permission from school administration.**

Referral Policy

Regular attendance is mandatory to remain in the program. Each student is obligated to meet with his/her teacher at the time agreed upon on the Master Agreement even if the work is not completed. Failure to complete this meeting may lead to termination from the program.

The student's Independent Study Teacher is required to write a referral weekly for every student who fails to keep his/her weekly appointment/attendance. The process is as follows:

- 1st miss Teacher makes a phone call to parent/guardian and writes a referral to administrator.
- 2nd miss Teacher makes a phone call to parent/guardian and writes a referral to administrator. Administrator makes contact with parent/guardian and informs them that next missed appointment will result in a Student/Parent/Teacher/Administrator conference.
- 3rd miss Teacher makes a phone call to parent/guardian and writes a referral to the administrator. Administrator makes contact with parent/guardian and schedules a conference **for possible change of placement.**

STUDENT BEHAVIOR POLICY

The Board of Trustees of the Kingsburg Joint Union High School District, in support of the aims of public education, believe that the behavior of students attending public schools shall reflect standards of good citizenship demanded of members in a democratic society. Self-discipline (responsibility for one's actions) is a primary goal of education. The Board of Trustees believes also that while education is a right of American youth, it is not an absolute right. It is qualified first by eligibility requirements, and secondly by performance requirements. Our courts speak of education as a limited right or a privilege; that is, should the pupil fail to perform those duties required of him upon attendance in public schools, he may then be excluded from the school.

In conformity with the state law and court decisions, the Board of Trustees makes the following policy statement regarding student behavior:

Policy Statement:

1. Students shall respect constituted authority. This shall include conformity to school rules and regulations and those provisions of law that apply to the conduct of juveniles or minors.
2. Citizenship in a democracy requires respect for the rights of others. Student conduct shall reflect consideration for the rights and privileges of others and complete cooperation with all members of the school community.
3. High personal standards of courtesy, decency, morality, clean language, honesty and wholesome relationships with others shall be maintained. Respect for real and personal property, pride in one's work, and achievement within one's ability shall be expected of all students.
4. Every student shall give evidence of a sincere desire to remain in school by being diligent in studies, and by taking advantage of the educational experience provided.

In aligning with the above statement, the following procedures for student behavior have been established. Students should be aware of the many laws that govern the operation of school in the State of California. Among the more important legal documents are the following: Education Code, Title V, Business and Professional Code, Penal Code, and the Health and Safety Code. All of the following are covered by these laws.

What does the law say students cannot do?

- Become a member of a secret fraternity, sorority or club

- Engage in hazing or commit any act that injures, degrades, disgraces or humiliates another student
- Use or possess tobacco on school grounds
- Possess or participate in the use of fireworks or any other incendiary
- Be in any way connected with narcotics or other dangerous drugs
- Consume, possess, or be under the influence of alcohol or other drugs while on school grounds, or at any school activity.

Other laws cover additional subjects such as these:

- Exclusion of students for filthy or vicious habits
- Exclusion of students for contagious or infectious diseases
- Exclusion of students whose physical or mental disability is such as to cause their attendance to be an endangerment to the welfare of others.
- Suspension of students by teachers and administrators
- Willful damage of school property and liability of the parent
- Insulting or abusing a teacher or staff

Note:

Conduct and behavior requirements have been established to support an environment that is conducive to study, concentration and learning. The Center makes every effort to provide a safe and clean environment. Students who fail to follow any of the handbook are subject to removal from the program. Minors are placed in a classroom setting at Oasis High School and adults are dropped and in some cases may be given the option of attending the evening classroom program.

STUDENT BEHAVIOR DISCIPLINE POLICY

According to the California Education Code 48900, section (r), “A pupil may be suspended or expelled for acts that are enumerated in this section and related to school activity or attendance that occur at any time, including, but not limited to, any of the following:

- (1) While on school grounds.
- (2) While going to or coming from school.
- (3) During the lunch period whether on or off the campus.
- (4) During, or while going to or coming from, a school sponsored activity.

CONSEQUENCES RELATING TO STUDENT BEHAVIOR

Student behavior infractions are accumulated for the entire year in some cases and the entire high school career in others. Any student who has more infractions than the consequences outlined or excessive infractions over the

entire high school career may be subject to referral to alternative education or expulsion.

Affection on Campus

Expectation: It is good manners and safe behavior to show affection toward a loved one by holding hands or by exchanging a quick good-bye kiss. It is not appropriate to have prolonged kissing, hugging, or sitting on one another's laps.

<i>Consequence:</i>	First offense	- Interruption by staff
	Second offense	- Parent conference

Cell Phones and Electronic Devices

Expectation: Students will be permitted to have cell phones in their possession throughout the school day. However, cell phone use will only be permitted during non-classroom time; students may use their phones **only** during breaks and lunch.° Students **MUST** have their cell phones turned off during the entire time they are at KAEC meeting with their instructor; cell phones shall cause no disruption. **If parent/guardian needs to contact student during their appointment time please call the school number at 897-3880.**

° Should a student be observed using a cell phone or a cell phone rings during the school day, discipline action will result. Additionally, student abuse of this policy will result in the student losing the privilege to be able to carry a cell phone permanently, or for a period of time as determined by an administrator.

° Student cell phones ringing during their appointment will result in confiscation of the phone and disciplinary action.

° During times of testing and other student evaluations, teachers may request that students remove their cell phones from their possession, either by placing them into their backpacks or a teacher secured area, reducing the possibility of compromised test security.

° Fire drills, assemblies, or other school evacuations are considered cell phone blackouts. During such contingencies, there will be absolute ZERO TOLERANCE on cell phone use.

° Use of cell phone photographs during the school day may result in more severe discipline.

° No cell phone photographs are permitted in the restroom or locker room areas at any time.

<i>Consequence:</i>	First offense	- Confiscated, parent contact, One day after school detention, phone can be collected at the end of the school day.

<i>Consequence:</i>	Appropriate administrative action, which may include suspension, loss of field trips privileges, parent

conference, or recommendation for expulsion.

Dress Code

Expectation: District policy requires students to wear clothing that is in good taste and appropriate for school. It is recognized that any apparel that draws undue attention to the wearer tends to detract from the educative process and is therefore inappropriate. Good taste and good grooming are a part of learning for both boys and girls. **There can be occasional visits by administration to random classrooms to conduct dress code checks and enforce our policy.** The administration is empowered to determine what constitutes good grooming and good personal cleanliness. The following specific standards will be enforced:

1. Shoes must be worn at all times on campus.
2. Clothing with unacceptable wording or insignias or slogans may not be worn on campus.
3. Any clothing which is too brief is unacceptable for school wear. Tests for too brief: Raise your arms above your head and if any skin shows around the mid-drift it is too brief. Any chest (breast) area exposure is too brief. Test for exposure: is to look down while wearing the top and if you see cleavage it is too low-cut. Any underclothing that shows means the clothing is too brief. Shorts and skirts should not be too short or revealing, especially look at the length when seated. Test for too short: Shorts must extend beyond the fingertip when arms are held straight against the side with shoulders down. (But in no case will it be shorter than a 4-inch inseam.)
4. Pants must be worn at the waist and undergarments must not be able to be seen. Pants that will not stay at the student's waist must be held up with a belt or parent will need to bring in a change of clothes. Simply wearing a pair of shorts under the pants will not be an acceptable solution.
5. The district prohibits the presence of any apparel, jewelry, accessory, notebook or manner of grooming which by virtue of its color, arrangement or other attribute, distracts or denotes membership, affiliation, or identification with a gang. In addition, students may forfeit the right to wear any type of clothing that may signify gang affiliation regardless of color.

Consequence:

First Incident	- make changes as needed and parents notified
Second offense	- make changes notify parents, parent conference to determine if a change of placement is

appropriate.

Gang type attire and accessories

Colors, clothing, or items that have been identified by the Kingsburg Police Department to designate gang membership are prohibited. In the Kingsburg area, the color identified as gang related is **RED and BLUE**. Accessories include red belts, belts longer than waist size, bandanas, chains, hairnets, jewelry. In addition, students may forfeit the right to wear any type of clothing that may signify gang affiliation regardless of color.

Refusal to comply at any time will result in parent conference and possible change of placement

Club advisor, coaches, or instructors of other groups where membership or attendance is not mandatory may enforce more stringent regulations.

Hats: Because of the disruptive nature of dealing with hats in the classroom and concern over gang-affiliation with certain ways of wearing hats or writing on the hats, we are taking a strong position regarding responsible wearing of hats. In lieu of taking everyone's rights away as other high schools have done and banning hats all together, we are attempting to find a middle ground by asking students to wear hats appropriately, not mark them in any way, **and take them off in the classroom and all other buildings on campus to show respect for your teachers and fellow students.** Hats will also be removed during the flag salute.

<i>Consequence:</i>	First offense	- warning, hat confiscated until end of day
	Second offense	- may not wear any hat for the remainder of the year.
