

EXPECTED SCHOOLWIDE LEARNING RESULTS

A Kingsburg High School Graduate Will...

1 Be an Effective Reader

- Build stamina to read and comprehend a variety of complex texts.
- Speak and write in a logical, coherent, well-organized manner.
- Listen and interpret messages in a discerning manner and respond appropriately.
- Apply universal ideas in texts to new material and situations in written and verbal formats.

2 Be a Complex Thinker

- Access, evaluate, analyze and synthesize information from a variety of sources and learning experiences.
- Use problem solving strategies and critical thinking skills in both academic and career preparation.
- Apply math concepts required in everyday situations and in the workplace.

3 Be a Self-Directed Learner

- Learn to establish a purpose, set goals, take responsibility and work toward achieving goals.
- Develop the skills needed to access and use reliable, fact based information to construct knowledge.
- Develop a growth mindset that values learning as a lifelong activity.

4 Be a Productive Member of Society

- Develop integrity and self-esteem.
- Develop social responsibility and understanding needed to function in a diverse society -both digitally and physically.
- Develop social skills to effectively work and contribute to a group towards a common objective.

5 Use Technology

- Understand, demonstrate and apply the skills needed to function in a technological world.
- Use a variety of technologies to identify, understand and solve problems.
- Communicate clearly and creatively using a variety of digital tools and media appropriate for a task.
- Leverage technology to achieve and demonstrate competency in learning goals.
- Demonstrate ethical use of technology.

6 Be a Quality Producer

- Establish and apply good work ethics and quality standards in both academic and career settings.
- Apply learning to rigorous and authentic content to produce high-quality work.
- Generate professional documents suitable for both academic and professional settings.
- Use self-evaluation in both academic and real situations.
